FOR IMMEDIATE RELEASE

Ref: 2021 / 05/ 04 – NP

NP Princes Town's Re-opening Supports Education

Eager to partner with NP in its Corporate Social Responsibility (CSR) initiatives in support of the communities surrounding our Service Stations, the Dealer at our newly re-opened NP Princes Town Service Station graciously agreed to match the Company's donations to the Princes Town Presbyterian and Princes Town ASJA Primary schools, at a re-opening ceremony held at the Station on April 15th, 2021.

Deeply appreciative, Principals Sophia Beepath-Nathai and Nizamma Khan received cheques towards the purchase of tablets and for the undertaking of school repairs respectively, from Mrs. Allison Khan-Ali, NP's General Manager Retail & Industrial Fuels and Retail Dealer Network Manager, Ronald Clarke.

Consistent with NP's goal of expanding on its commitment to upgrade its facilities, the newly refurbished NP Princes Town Service Station was opened on January 28th, 2021.

Motorists in the Princes Town community welcomed the re-opening of this modernized station, offering increased capacity as the Station is outfitted with three (3) new underground tanks and an upgraded product offering which now includes premium fuel. Furthermore, customers' purchasing experience at the Station has been enhanced with the addition of three (3) multi-fuel dispensers utilizing state-of-the-art technology, new canopies and a fully re-paved forecourt, with a QuikShoppe Mini convenience store soon to be opened.

Not only is NP achieving its goal of modernizing its asset base, but the Company is also making a meaningful contribution towards education in the Princes Town community.
