

**Never use a brittle hose  
on a cylinder.**

# **Be Safe, Not Sorry**

**with your *np* Gas cylinder**

## **SAFETY RULE**

- Always use the correct type of hose and ensure the hose is in good working condition.
- Inspect the hose on every change of a new cylinder.
- Replace a hose that is cracked, brittle or has kinks.
- Always replace the hose every 5 years or before, if the hose quality has deteriorated.

**Safety Tip # 8 Hose**
