

Do not use regulators (gas heads) with the adjustable gas flow valves for domestic use.

Be Safe, Not Sorry

with your np Gas cylinder

SAFETY RULE

- Always use the approved regulator that meets the **EN 12864** or **EN 16129** standard for household use. The standard/specification would be written on top of the regulator and on the packaging.
- Ensure that the regulator is replaced every ten (10) years.

Safety Tip # 7 Regulator
