Employment Opportunity

We are inviting suitably qualified nationals of Trinidad & Tobago to apply for the following position:

LABORATORY TECHNICIAN (CONTRACT)

The Laboratory Technician (Contract) is generally accountable for facilitating process decision-making by performing testing as required in accordance with established test methods and Company's quality procedures.

RESPONSIBILITIES INCLUDE:

- Validates quality of raw materials, blended, in-process and finished petroleum based products by performing the established control tests in accordance with the schedule of laboratory tests and evaluating results against control specifications.
- Assists in preparing the blending requisition as well as supervises blending procedures as required.
- Assists in determining corrective actions for off specification petroleum based products to ensure conformance to specifications.
- Verifies for approval, the discharge of petroleum based products from vessels in accordance with the Company's QMS.
- Provides laboratory services by way of inspection of bulk storage tanks, tanktainers and IBCs to establish usability as required.
- Contributes to ensuring that all formulations are current and updated when new base oils and additives are received by preparing and testing trial blends.
- Maintains the Company's QMS and ISO accreditation by participating in Proficiency Testing, Inter-laboratory Cross-check Programmes and audits.
- Monitors the inventory levels of chemicals and spares for equipment.
- Conducts laboratory tours and assists in the development of new recruits/trainees by providing guidance as required.
- Performs all duties in conformance to requirements of ISO/IEC 17025:2017, ISO 9001:2015 and the organization's policies and procedures.
- Practices safe work habits, carries out general housekeeping duties and complies with all safety, health and environmental rules and regulations.
- Performs any other duties as required by the job function.

THE SUCCESSFUL CANDIDATE MUST IDEALLY POSSESS:

- Five (5) GCE/CXC passes at General Proficiency including English Language, Mathematics and Chemistry.
- Bachelor's degree in Chemistry or equivalent qualifications.
- Two (2) years' experience as a Laboratory Technician
- Familiarity with tests conducted in a QC Laboratory for Fuels and Lubricants.
- Proficiency in Microsoft Office Suite applications.
- Knowledge of NP's products.

OR

any other equivalent combination of qualifications and experience.

If you meet the above requirements, send a complete résumé with cover letter no later than **2023 August 17** to:
